

Enviro[®]

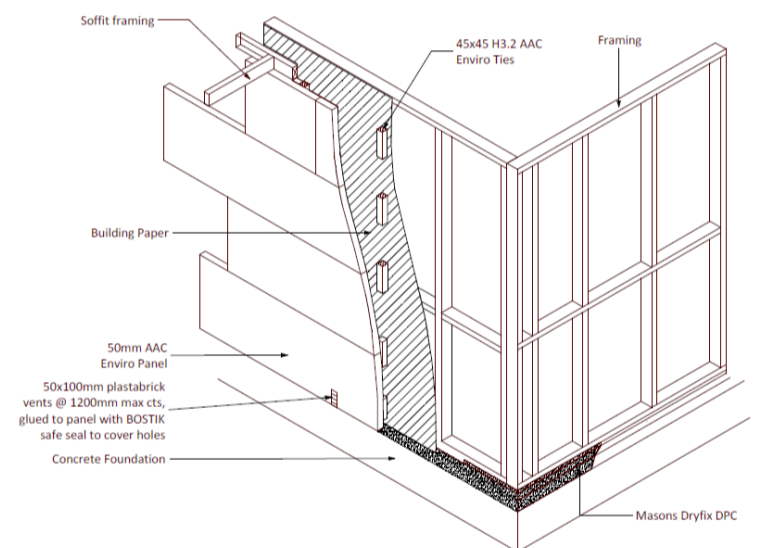

AAC Panel System

CLADDING | FLOORING | FENCING

SOLID - DURABLE - QUICK - COST EFFECTIVE

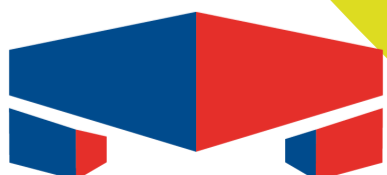

THE ENVIRONMENTALLY FRIENDLY SOLUTION

- Made from sand, lime and cement plus special expanding additives
- 1 cubic metre of raw material makes 4-5 cubic meters of finished product
- Waste from the manufacturing is recycled back into the next production
- NON HAZARDOUS, no harmful pollutants are released during the production process
- 100% Recyclable
